FCC MAIL ROOM

Gentlemen:

We are owners of K and J Electronics, selling and servicing two-way mobile radio equipment. This letter is to inform you of our strong objection to your proposed replacement of Part 90 by Part 88 to revise Private Land Mobile Radio Services and modify the policies governing them. F.C.C. Docket #92-235

This proposal would work economic hardship on our customers who would be forced to purchase expensive new equipment or air-time services.

Although our commercial customers could possibly make the transition the proposed change would seriously impact the many volunteer organizations who provide much-needed and otherwise unattainable services to the small surrounding communities. These volunteers provide their own mobile radio equipment. To require them to replace it would work severe economic hardship on them. A list of some of these organizations follows:

Oglesby, Okla. Volunteer Fire Department
Ochelata, Okla. Volunteer Fire Department
Ramona, Okla. Volunteer Fire Department
Barnsdall, Okla. Rural Fire Department
Barnsdall, Okla. Ambulance
Nowata, Okla. 10-33 Team Ambulance
Osage Hills Volunteer Fire Department
Dewey, Okla. Volunteer Fire Department
Copan, Okla. Volunteer Fire Department
Tri-County Fire Department
Wann, Okla. Volunteer Fire Department
Caney, Kans. Volunteer Fire Department
Bluestem Girl Scout Camp
Bartlesville, Okla. Police Reserve

In addition many small towns who provide police and fire services and who operate on very limited budgets would be economically distressed to have to replace their present mobile radio equipment.

In view of the above we respectfully request you forego the proposed rule change and seek a more favorable solution.
